04651/ A TRIP IN A BAG represents sophisticated essentials of the highest quality, made exclusively in Europe. The Northern German label is present in Europe, North America, Japan, and South Korea. It maintains showrooms in six cities: Milan, New York, Paris, Tokyo, Munich, and Antwerp. For the Autumn/Winter 2025 season, 04651/ A TRIP IN A BAG draws inspiration from the impressive contrasts of Finland – a country where nature, design, and tradition merge in an unrivalled way.

"Finland inspired us with its clear design language and deep respect for nature. The new collection tells the story of balance between urban clarity and Nordic serenity – a lifestyle that perfectly fits our idea of contemporary travel fashion, which we call *Awaywear*," says CCO Matthias Garske.

At the core of the concept is a symbolic train journey from city to coast: father and son explore the delicate balance between the hustle of daily life and the calm of open landscapes. This dynamic shapes every detail of the collection. Scandinavian design key principles such as simplicity, functionality, and clean lines provide the style foundation. The central theme of nature runs through the entire Fall/Winter collection.

The color palette appears subtle and harmonious: navy, indigo, and soft beige and brown tones capture the quiet vastness of the Finnish coastal landscapes. Accents in green and rosé provide gentle contrast, evoking the Nordic forests at dawn. Carefully selected materials, mostly made from natural fibers, underscore the understated elegance of the collection.

The silhouettes remain clean and wearable. Precisely tailored overshirts are perfect for smart layering. Luxurious cashmere knitwear captures the timeless vibe of northern coastal towns. The collection wraps up with warm outerwear in shades of blue and grey, complemented by wintry white – perfect for stylish moments of retreat.

This collection once again embodies the core philosophy of 04651/ A TRIP IN A BAG: thoughtful *Awaywear* for every moment of the journey. Minimal in design, uncompromising in quality. A quiet style that evokes a sense of freedom, connection to nature, and understated luxury.
